Dear Mr. Schrag:

In our telephone conversations on July 13<sup>th</sup> and 19<sup>th</sup>, you promised to send a written response to my Open Public Record Act (OPRA) requests, stating your position that RGGI is not a "public body" subject to OPRA.

I have yet to receive any such response. Please advise me whether you plan to follow through.

Sincerely,  
Mark Lagerkvist

Dear Mr. Schrag:

I am following up on my records request of June 28 under provisions of New Jersey's Open Public Records Act (OPRA). My request was for copies of the results of RGGI's first eight carbon auctions – including the names of all bidders, the price of each bid and the quantity and type of allowances sold to each successful bidder.

I have not received any response from you or an appropriate RGGI staffer within seven business days as required by statute. Please let me know if you intend to comply with ORPA. My understanding is that RGGI is considered a public agency under New Jersey law and therefore subject to OPRA.

Below is a copy of my original correspondence. I am also sending copies of this email to other RGGI's staffers in hopes that this request winds up in the right hands. If you or your staff has any questions, please feel free to contact by email or by phone at [XXX-XXX-XXXX](tel:XXX-XXX-XXXX).

Sincerely,  
Mark Lagerkvist
